

2023 Summer Math Bingo

Name: _____

New Teacher: _____

Here are 25 Summer Math Activities for you to choose from this summer to keep your math skills going! When we return to school in August please bring back your bingo board (or email it to us) and for each bingo you have you will get a raffle ticket for raffle prizes! Have fun!

B	I	N	G	O
Play a game with dice. You can roll 2, 3 or 4 dice and add, subtract or multiply the numbers	Visit the Bedtime Math site for great daily math ideas. https://bedtimemath.org/	Talk about math at the grocery store	Make your own math board game!	Go on a hike and find math in nature
Visit the Museum of Math in NYC either in person or virtually for many cool FREE online programs https://momath.org/	Play a math game with cards. Pick two cards and add them. Whoever has the biggest number wins	Try some coding! Check out https://code.org/	Visit the Math At Home Website https://mathathome.mathlearningcenter.org/	Practice estimating by checking out this cool site . https://estimation180.com/days-1-20/
Find math at the beach. Write a number story or equations that tell about your math beach adventure.	Create your own Number Corner cards for the month of August. What are the patterns?	Go outside and do math with sidewalk chalk	Go to the library and read books about math- counting, shapes, estimating, etc! Here is a list to get started.	Play Guess My Number. Pick a number to have your family guess!
Practice math facts during a long car trip	BUILD! Use Legos, toothpicks, rolled up newspaper or anything you can find!	Your choice! Fill in a math activity you pick or create! -----	Play a workplace game you have at home from last school year	Make a math trivia game! Write questions and answers and play with a friend.
Play a board game with your family. We love Blokus, Monopoly, Math Dice and Zeus on the Loose!	Work on the Greg Tang Summer Math Challenge https://tangmath.com/games	Bake with a grown up at home! Talk about the measurements you are using	Create your own Number Corner cards for the month of July. What are the patterns?	Explore the Math Learning Center Apps https://www.mathlearningcenter.org/apps

We would love to see the math you are doing this summer! **Please send pictures to Mrs. Hayes or Mrs. Madura** for our back to school bulletin board. Also - keep an eye out in August for the launch of our new math website for Joel School!

Your Math Friends,

Mrs. Hayes hhayes@clintonpublic.net and Mrs. Madura kmadura@clintonpublic.net
